Dear Mr. Dobson

We received a copy of the report, maps and plates you submitted to Holland Shepard at the Division of Oil and Gas. This information is very much appreciated as we are in the process of reviewing notices and plans submitted to this office. In the future we would like to try to coordinate inspections of your operation by the Bureau of Land Management with those done by the Division of Oil and Gas. We believe this would make more efficient use of your time and benefit all parties involved.

In reviewing our file on Continental Lime we have observed some documents are missing. Specifically we do not have a copy of plan M/027/006-89 or amendments to this plan with the exception of an amendment dated January 28, 1991. Nor are we able to find a copy of the August 4, 1989 permit revision. Please send a copy of these documents to us.

Phil Allard has transferred to the Bureau of Land Management, Salt Lake City office. Please direct your correspondence to Rody Cox and feel free to call us at (801) 743-6811.

Sincerely,

*For* *Don Burt*
